August 2012

The children and parents of the Patricia Pilgrim Nursery, near Dunmow, celebrated the Olympics with their own special sports day. We began with a torch relay around the 1.7 acre nursery grounds before the main event started.

The main event involved the children going round the activities with their parents. The activities were all 'Olympic- styled', including throwing the discus (Frisbee), a standing long jump, javelin (plastic rocket), sprint and hurdles to name but a few. They were awarded points at each activity.

We ended the event with a picnic and a presentation ceremony where the winning children from the three age groups stood on the podium to receive their Gold, Silver or Bronze medal. Every child received a special medal to remind them of their 'first Olympic Sports Day'.
